# ERA Policy Monitoring, Screening and Analysis Monthly Report

May 2026

## May 2026 Highlights

Highlight	Description	Link	Source	Related ERA Topic(s)
<b>Updated guidance on generative AI in re-search</b>	The Commission published updated guidance on the responsible use of generative AI in research. It addresses transparency, ethics and research integrity. The guidance supports trustworthy AI uptake in the European R&I system.	<a href="#">Link</a>	ERA Platform	Open Science / EOSC
<b>Open access – Research reuse – Economic impact</b>	This study analyses policy options to improve access to and reuse of research results in Europe. It evaluates the economic impact of stronger knowledge circulation and open access measures. The report highlights benefits for innovation ecosystems, competitiveness and societal uptake of research.	<a href="#">Link</a>	ERA Platform/ Publications Office EU	Open Science & Knowledge Valorisation
<b>EOSC partnership – FP10 – Open science infrastructure</b>	This opinion paper argues that EOSC should remain a core component of the FP10 European Partnership portfolio. It highlights EOSC's role in enabling FAIR data, interoperability and cross-border research collaboration.	<a href="#">Link</a>	ERA Platform	Open Science / EOSC
<b>Knowledge circulation – Economic impact – Open science</b>	The study analyses the economic impact of improving access to and reuse of research publications and data in Europe. It examines how open access models and knowledge circulation influence EU competitiveness and innovation ecosystems.	<a href="#">Link</a>	Publications Office EU	Knowledge Valorisation
<b>Study on metrics and indicators for knowledge valorisation</b>	EU study proposing a comprehensive set of indicators and methodologies, combining existing and novel data sources to monitor knowledge valorisation; recommends piloting and data harmonisation.	<a href="#">Link</a>	KV Platform	Knowledge valorisation
